

TRI-NA

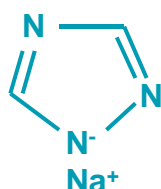

1,2,4-TRIAZOLE-SODIUM POWDER

Formula

$C_2H_2N_3Na$

Mol weight
91.05 g/mol

Structural formula

Specification: RL-T 2070/05

Description	white to faintly cream coloured powder
Identity: IR-spectrum	conform with reference spectrum
Water (K.F.):	max. 0.7 %
Assay (acidimetric):	98.0 - 100.0 (calculated on anhydrous substance)

Synonyms

CAS Description:	1H-1,2,4-Triazole, sodium salt
CAS No.:	[41253-21-8]
EC No.:	255-280-9
TSCA:	listed
German:	1,2,4-Triazol-Sodium

Specific Requirements

The above chemical substance was registered in accordance with the REACH regulation 1907/2006/EC. The assigned registration number is 01-2119471484-34-0001.
